

# MATERIAL SAFETY DATA SHEET

Odor Barrier-Water Soluble

Date Revised: 01/01/2009

## SECTION 1 – MATERIAL AND MANUFACTURER IDENTIFICATION

Product Identifier: Odor Barrier  
Product Use: Odor control

### MANUFACTURER

CTI (Chemical Technologies International Inc.)

PO BOX 968

Rancho Cordova, CA 95741

Phone: (916) 638-1315 Fax: (916) 638-0712

Emergency Assistance Calls: Chemtrec (800) 424-9300 (U.S.A.) 24hrs.

## SECTION 2 – COMPOSITION / INFORMATION ON INGREDIENTS

| COMPONENT                              | CAS #     |
|--|-----------|
| 1. Dipropylene glycol monomethyl ether | 3490-94-8 |
| 2. DIETHYLENE GLYCOL METHYL ETHER      | 111-77-3  |
| 3. ODOR COUNTERACTANT BLEND            | N/A       |

(SEE SECTION 8 FOR EXPOSURE GUIDELINES)

## SECTION 3 – Hazards Identification

Off white liquid with light scent.

### Emergency Overview

### Potential Health Effects

Routes of entry: (skin: yes) (inhalation: yes) (ingestion: yes) (eye: yes)

### Inhalation:

Overexposure to vapors and spray mist in poorly ventilated areas may cause irritation.

### Eye Contact:

Direct contact with product may cause irritation.

### Skin Contact:

Repeated or prolonged exposure may cause mild irritation.

### Ingestion:

Will cause mouth, throat, esophagus and stomach irritation, nausea, vomiting and diarrhea.

**Chronic effects:** Not established.

## SECTION 4 – FIRST AID MEASURES

**Inhalation:** Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If breathing stops administer artificial respiration. Get medical attention immediately.

**Eye Contact:** Immediately flush eyes with a directed stream of water for at least 15 minutes, forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. Washing eyes within several seconds is essential to achieve maximum effectiveness. Get medical attention if irritation persists.

**Skin Contact:** Flush thoroughly with cool water while removing any contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation persists after washing.

**Ingestion:** Get medical attention immediately.

## SECTION 5 – Fire Fighting Measures

Flashpoint: >150F

Flammable Limits: N/A

Auto ignition Temperature: N/A

MSDS Product: Odor Barrier

Page 1 of 4, Revised Date: 01/01/2009

# MATERIAL SAFETY DATA SHEET

**General Hazard:**

None Reported

**Special Fire Fighting procedures:**

None reported

**Hazardous combustion products:**

None known.

## SECTION 6 – ACCIDENTAL RELEASE MEASURES

Small Spills: Wipe or mop up and dispose of in DOT approved waste container.

Large Spills: Contain by diking with soil or other non-combustible sorbent material, then dispose into DOT approved waste container. Comply with all applicable governmental regulations on spill reporting, handling and disposal of waste.

Contain all spills or leaks to prevent discharge into the environment. All spills or releases should be reported to the appropriate local, state and federal agencies.

## SECTION 7 – PRECAUTIONS FOR SAFE HANDLING AND STORAGE

The manufacturer and seller warrants that this product conforms to its standard specifications when used according to directions. As the conditions of method of its use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for use of this product. Information contained herein is believed to be true but all statements and suggestions are made without any warranty, expressed or implied, regarding accuracy of the information. The hazards connected with the use of this material and the results to be obtained from the use thereof.

For use by professionals ONLY.

Avoid breathing vapors of this product.

Always ensure good ventilation of surroundings during use of this chemical. Use exhaust fans if necessary. Do not use this chemical in a poorly ventilated area.

Always keep container tightly closed and properly labeled.

Avoid contact with skin, eyes or clothing.

Wash thoroughly after handling

Storage temperature: store in cool dry place. .

Storage pressure: Atmospheric

Avoid excessive heat, spark or open flame.

## SECTION 8 – EXPOSURE / PERSONAL PROTECTION

| COMPONENT #<br>(Refer to section 2 for component #) | EXPOSURE LIMITS    |                     |                       | HAZARD |
|---|--------------------|---------------------|-----------------------|--------|
|   | OSHA<br><u>PEL</u> | ACGIH<br><u>TLV</u> | OTHER<br><u>LIMIT</u> |        |

Exposure limits are not established for this mixture. However ingredient number lists limits associated with individual ingredients.

|    | OSHA TVL TWA    | ACGIH TVL TWA   |
|----|-----------------|-----------------|
| 1. | 100ppm          | 100ppm          |
| 2. | noe established | not established |
| 3. | N/A             | N/A             |

Respiratory: These precautions are not usually necessary in adequately ventilated areas. Wear NIOSH/MSHA approved respirator when ventilation is not adequate. A NIOSH /MSHA –approved air purifying respirator with an organic vapor cartridge or canister may be advisable under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited. Use a positive

## MATERIAL SAFETY DATA SHEET

pressure, air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstances where air-purifying respirators may not provide adequate protection.

Ventilation: **Always** assure adequate ventilation in all areas, vapors will travel and can be moved by air current.

Thoroughly ventilate area before occupancy

Eye Protection: Wear safety goggles to protect against contact *when appropriate*.

Skin: Wear protective clothing to minimize skin contact. Wash skin after use. Wash contaminated clothing and dry before reuse.

Other: One should always use chemicals with an awareness of the potential hazard of the effect on the human system. To minimize employee exposure to all chemicals, including this product, use good industrial hygiene practices.

### SECTION 9 – Physical and Chemical properties

PH: 9.0

Vapor pressure: not available

Vapor density: not available

Boiling point: not available

Freezing/Melting point: N/A

Solubility in water: 100% soluble

Flammability: Not Flammable

Particle size: N/A

Evaporation rate: not available

Viscosity: N/A

### SECTION 10 – Stability and Reactivity

Chemical Stability: Stable under room temperature and atmospheric pressure. Stable under recommended storage and handling conditions.

Conditions to avoid: Keep away from heat, sparks, open flame or excessive pressure.

Incompatibility with other materials: None reported.

Hazardous combustion or decomposition products: None reported.

Hazardous polymerization: Major components of this mixture show no hazardous polymerization.

### Section 11- Toxicological Information

not established for this mixture. However ingredient number lists limits associated with individual ingredients.

1. LD 50 Oral 5.4 ML/KG Rat, LD 50 Dermal >20 ML/KG Rabbit, LC 50 Inhalation not avail.
2. Not established.
3. Not established

### Section 12: Ecological Information

Ecological information not available on this mixture.

### Section 13- Disposal practices

Dispose of all waste, empty bottles and contaminated equipment in accordance with all applicable federal, state and local health and environmental regulations.

Do not dump into storm drains, sanitary sewers or any body of water. All disposal methods must be in compliance with all federal, State/ Provincial and local laws and regulations. Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws are the responsibility solely of the waste generator. The vendor has no control over the management practices or the processes by which the party who handles or uses this

## MATERIAL SAFETY DATA SHEET

material. The information presented here pertains only to the product as shipped in its intended condition and recommended usage.

### Section 14- Transport information

Consult 49 CFR to assure compliance with all applicable federal, state/provincial and local laws and regulations that may apply to you.

Freight classification: NMFC: 149980/ SUB2

### Section 15- Regulatory Information

US Federal Regulations:

OSHA standards require that information be provided to employees regarding the hazards of chemicals by means of a hazard communication program including labeling, MSDS sheets, training and access to written records. We request that you, and it is your legal duty to, make all information in this material safety data sheet (MSDS) available to your employees and those who handle or consume the product.

To aid our customers in complying with regulatory requirements regulatory information for components of this product are indicated below.

**OSHA:** Not carcinogenic, **SARA 313 Title III& 40 CFR Part 372:** CAS# 00111-77-3,

**State Lists:**

CA VOC compliant

CA Prop 65 compliant

### Section 16- Other Information

All information appearing herein is based upon data obtained from the manufacturer and /or recognized technical sources of each individual component. While the information is believed to be accurate, CTI makes no representations as to its accuracy or sufficiency. Conditions of use are beyond CTI's control and therefore users are responsible to verify this data under their own operating conditions to determine whether this product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance on information contained herein. This information relates only to the product-designated herein, and does not relate to its use in combination with any other material or in any other process.
