

MATERIAL SAFETY DATA SHEET

RED 1 - low voc

Date Revised: 10/15/09

SECTION 1 – MATERIAL AND MANUFACTURER IDENTIFICATION

Product Identifier: Red 1 – low voc
Product Use: Food dye stain remover

MANUFACTURER

CTI (Chemical Technologies International Inc.)

P.O. Box 968

Rancho Cordova, CA 95741

Phone: (916) 638-1315 Fax: (916) 638-0712

Emergency Assistance Calls: Chemtrec (800) 424-9300 (U.S.A.) 24hrs.

SECTION 2 – COMPOSITION / INFORMATION ON INGREDIENTS

COMPONENT	QTY BY WT %	CAS#	EXPOSURE LIMITS			
			ACGIH TLV TWA	STEL	OSHA PEL TWA	STEL
1. Sodium metabisulfite	<10	7681-57-4	5 mg/m3	na	5mg/m3	na
2. Ammonium Hydroxide	<3	1336-21-6	25 ppm (NH3)	35 ppm (NH3)	35 ppm (NH3)	

SECTION 3 – Hazards Identification

Emergency Overview

Product description:

Clear liquid with ammonia odor.

Irritating to respiratory and digestive tract, eyes and skin, harmful if swallowed.

Potential Health Effects

Routes of entry: (skin: yes) (inhalation: yes) (ingestion: yes) (eye: yes)

Inhalation:

Mild inhalation of vapors may cause irritation of nose and throat with coughing and sneezing. More severe exposures may cause respiratory irritation, olfactory fatigue, labored breathing and pulmonary edema.

Eye Contact:

Vapors may irritate eyes. Direct contact with eyes will be painful and irritating may also cause possible permanent damage.

Skin Contact:

Exposure may cause skin irritation, drying, chapping. Extended contact can cause burns.

Ingestion:

If swallowed will cause GI irritation with possible burns to mucous membranes, esophagus and stomach. Symptoms may include pain in the mouth, chest, and abdomen, with coughing, vomiting and collapse. Ingestion can be fatal.

SECTION 4 – FIRST AID MEASURES

Inhalation: Remove to fresh air. If breathing is difficult, get medical attention immediately. If not breathing, give artificial respiration.

Eye Contact: Immediately flush eyes with a directed stream of water for at least 15 minutes, forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. Get medical attention.

MATERIAL SAFETY DATA SHEET

Skin Contact: Flush thoroughly with cool water while removing any contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation persists after washing.

Ingestion: Get medical attention immediately.

SECTION 5 – Fire Fighting Measures

Flashpoint: will not support combustion in ambient temperatures. Flash point 99 F.

Flammable Limits: n/a

Auto ignition Temperature: n/a

General Hazard:

During a fire smoke may contain the original material in addition to Carbon dioxide, Carbon monoxide, Sulfur dioxide and other toxic or irritating compounds

Fire Fighting Instructions:

Use dry chemical ,CO2, foam, or water spray Keep people away from fire, isolate fire area and deny unnecessary entry.

Fire fighting equipment:

Fire fighters should wear a self contained, positive pressure breathing apparatus and full protective clothing (NICS/MSHA APPROVED).

Hazardous combustion products:

During a fire smoke may contain the original material in addition to Carbon dioxide, Carbon monoxide, Sulfur dioxide and other toxic or irritating compounds

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Small Spills: Wipe or mop up and dispose of in DOT approved waste container.

Large Spills: Contain by diking with soil or other non-combustible absorbent material, then dispose into DOT approved waste container. Comply with all applicable governmental regulations on spill reporting, handling and disposal of waste.

Contain all spills or leaks to prevent discharge into the environment. All spills or releases should be reported to the appropriate local, state and federal agencies.

SECTION 7 – PRECAUTIONS FOR SAFE HANDLING AND STORAGE

The manufacturer and seller warrant that this product conforms to its standard specifications when used according to directions. As the conditions of method of its use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for use of this product. Information contained herein is believed to be true but all statements and suggestions are made without any warranty, expressed or implied, regarding accuracy of the information. The hazards connected with the use of this material and the results to be obtained from the use thereof.

For use by professionals ONLY.

Avoid breathing vapors of this product.

Always ensure good ventilation of surroundings during use of this chemical. Do not use this chemical in a poorly ventilated area. (Refer to section 8)

Always keep container tightly closed and properly labeled.

Avoid contact with skin, eyes or clothing.

Wash thoroughly after handling

Loosen closures cautiously.

Storage temperature: Store in cool dry place

Storage pressure: Atmospheric

Avoid excessive heat. Do not store with oxidizing agents.

MATERIAL SAFETY DATA SHEET

SECTION 8 – EXPOSURE / PERSONAL PROTECTION

EXPOSURE LIMITS

Limits have not been established for this mixture. However limits for ingredients are listed in section 5.

Ventilation and engineering controls: Use only in well ventilated area. If necessary use exhaust ventilation to insure adequate ventilation. Ensure that a water facility is present and you are prepared to properly wash out your eyes should the need arise. (Refer to section 4)

Respiratory: Wear NIOSH/MSHA approved organic vapor respirator when ventilation is not adequate or when the sufficiency of ventilation to maintain vapor concentrations below exposure limits (shown in section 2) is in question.

Eye Protection: Wear safety goggles to protect against eye contact. See OSHA 29 CFR 1910.133

Skin: Wear chemical impervious gloves. Wear protective clothing appropriate for the task to prevent skin contact.

Other: One should always use chemicals with an awareness of the potential hazard of the effect on the human system. To minimize employee exposure to all chemicals, including this product, use good industrial hygiene practices.

SECTION 9 – Physical and Chemical properties

PH: 12

Vapor pressure: n/a

Vapor density: n/a

Boiling Point: n/a

Freezing/Melting point: n/a

Solubility in water: soluble

Flammability: will not support combustion in ambient temperatures. Flash point 99 F.

Particle size: n/a

Evaporation rate: similar to water

SECTION 10 – Stability and Reactivity

Chemical Stability: Stable at room temperature and atmospheric pressure. Stable under recommended storage and handling conditions.

Conditions to avoid: Keep away from heat or strong oxidizers..

Incompatibility with other materials: not compatible with oxidizers.

Hazardous decomposition products: There are no known hazardous decomposition materials of this mixture, some components of this mixture may liberate oxides of sulfur.

Hazardous polymerization: will not occur.

Section 11- Toxicological Information

Toxicology is not established for this mixture. However limits for ingredients by number in section 5 are:

1. LD 50 rat 4.7 g/kg
2. N/A
3. LD 50 rat 2000mg/kg

Section 12- Ecological Information

Ecological information not established on this mixture

MATERIAL SAFETY DATA SHEET

Section 13- Disposal practices

Dispose of all waste, empty bottles and contaminated equipment in accordance with all applicable federal, state and local health and environmental regulations.

Do not dump into storm drains, sanitary sewers or any body of water. All disposal methods must be in compliance with all federal, State/ Province and local laws and regulations. Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws are the responsibility solely of the waste generator. The vendor has no control over the management practices or the processes by which the party who handles or uses this material. The information presented here pertains only to the product as shipped in its intended condition and recommended usage.

Section 14- Transport information

Shipping Instructions as shipped are: ORMD/LTD QTY Exemptions Used 173.154 LTD QTY & ORM-D
Consult 49 CFR to assure compliance with all applicable federal, state/provincial and local laws and regulations that may apply to you.

Section 15- Regulatory Information

US Federal Regulations:

OSHA standards require that information be provided to employees regarding the hazards of chemicals by means of a hazard communication program including labeling, MSDS sheets, training and access to written records. We request that you, and it is your legal duty to, make all information in this material safety data sheet (MSDS) available to your employees and those who handle or consume the product.

To aid our customers in complying with regulatory requirements regulatory information for components of this product are indicated below.

This mixture has *no established regulatory information*

Section 16- Other Information

All information appearing herein is based upon data obtained from the manufacturer and /or recognized technical sources of each individual component. While the information is believed to be accurate, CTI makes no representations as to its accuracy or sufficiency. Conditions of use are beyond CTI's control and therefore users are responsible to verify this data under their own operating conditions to determine whether this product is suitable for their particular purposes and they assume all risks of their use, handling, and disposal of the product, or from the publication or use of, or reliance on information contained herein. This information relates only to the product designated herein, and does not relate to its use in combination with any other material or in any other process.
